

ADD SOME CLARITY TO YOUR LIFE.

 BY MASTER SPAS

Add some Clarity to your life.

You may not think of a spa as life-changing, but Clarity isn't just any hot tub. Clarity Spas offer relaxation, recreation, comfort and wellness on a whole new level. The delight begins as soon as you relax into Clarity's comforting ergonomic seats and surrender to the fully adjustable therapeutic massage jets, each one strategically placed to offer the most benefits and comfort.

Discover the joy Clarity can bring to your life.

Relax. Feel the rejuvenation of Clarity.

From the minute you sit down, you'll feel the difference. We created seats that complement the contour of your body, making it easy to relax, naturally. Once you're wrapped in the comfort of form fitting seats, strategic jet placement delivers targeted hydrotherapy from head to toe. Relax and enjoy the features of a Clarity Spa by Master Spas.

STRESSRELIEF NECK AND SHOULDER SEAT™

The StressRelief Neck and Shoulder Seat features specially designed shoulder jets that apply a tension-relieving massage where it's needed most, across the neck and shoulders.

HYDROTHERAPY JETS

Power away the day's stress with perfectly positioned hydrotherapy jets. Many jets are fully adjustable, which means your massage can be customized from a nice gentle touch to a maximum muscle-kneading force.

CASCADING WATERFALL

Enjoy the soothing sights and sounds of gently falling water with a cascading waterfall.

LED LIGHTING

Waterline LED lighting features adjustable color options to create a sense of tranquility.

STAINLESS STEEL JETS

Stainless steel jets provide a classy look with superior durability.

NOISE REDUCTION SYSTEM

Our exclusive Noise Reduction System brings a quieter, calmer and more relaxing spa experience. The secret lies in an exclusive motor mount developed by Master Spas that reduces pump and motor vibration significantly, as compared to the industry standard which has 153% more vibration than Master Spas' system. So with Master Spas, it's easier to shut out the noise of the everyday world and escape to your relaxing experience.

ENERGY EFFICIENCY

Thanks to our stringent Master Crafted building method and Icynene foam insulation, our spas have energy efficiency built in so they're easy to own and easy to enjoy.

Master Force™ Bio-Magnetic Therapy System

Used for centuries to help relieve pain, improve circulation, reduce swelling and alleviate stiffness, magnetic therapy is being reborn in the world of modern medicine. More doctors and physical therapists now use magnetic therapy for the treatment of back problems, arthritis and sports injuries. Many professional athletes use magnetic therapy for pain relief and performance enhancement.

That's why Master Spas, after extensive research and development, chose to combine the proven benefits of hydrotherapy with the pain relieving comfort of bio-magnetic therapy. Our patented Master Force Bio-Magnetic Therapy System applies strategically placed magnets to two pressure points behind the neck, and eight throughout the shoulders, back and seat areas in our exclusive Reverse Molded StressRelief Neck and Shoulder Seat.

The clean, pure water of Clarity

You want to spend your time enjoying your spa, not worrying about water care. So we created EcoPur® Charge Master

Core Technology – an exclusive filtration system that makes maintaining your hot tub's water easier. Using the same multi-stage filtration techniques as Mother Nature, EcoPur Charge relies on a unique blend of copper and zinc to create an electro-chemical reaction that eliminates many micro-organisms and removes heavy metals. Best of all, it is designed so your spa can be ready to use at any time, with minimal amounts of water maintenance, so you can simply relax.

Premium Options

DREAM LIGHTING At night, Dream Lighting provides a warm and inviting glow to the exterior corners of your Clarity Spa. This option will be a beautiful accent to your backyard design.

FUSION AIR SOUND SYSTEM Two interior water resistant speakers and a subwoofer maximize the sound quality of your music. Fusion Air Sound System comes with a water resistant remote and connects quickly and easily through the Bluetooth of your phone or other device allowing you to stream your favorite station or playlist.

POLYMER BASE Our Vac-Formed ABS Pan Bottom is a premium, high density polymer base, designed to keep heat in and pests out.

PREMIUM SKIRTING Match the color of your spa with the skirting of your choice for a distinctive combination that's truly your own. DuraMaster Premium™ polymer skirting is made of high-impact, weatherable polymer, has virtually no fading, and is so durable that it comes with a lifetime warranty. MasterTech™ Deluxe skirting features authentic wood grain patterns for a rich, three-dimensional look.

SKIRT COLORS

DURAMASTER™ PREMIUM (standard)

MASTERTECH™ DELUXE (optional)

SHELL COLORS

MASTER SPAS CARES FOR KIDS

Master Spas and our dealers were part of building a new elementary school in 2013, and a new high school in 2018 for the NAZ Children's Centre in Rose Hall, Jamaica. This specialized Christian school does an outstanding job educating children as well as working with children with developmental problems. With every Master Spas swim spa sold, a donation will be made to the NAZ Children's Centre Scholarship Fund.

In our hometown, we are honored to partner with the Crossing School of Business and Entrepreneurship, a faith-based high school that turns at-risk youth into tomorrow's leaders. Master Spas provides operational space for vocational training and a micro business.

MASTER SPAS CARES FOR CURES

Master Spas is pleased and proud to assist two foundations dedicated to finding and funding the cures for life-hindering diseases.

Along with the Lupus Foundation of America, we have initiated a campaign to help raise awareness and find a cure for this debilitating disease that affects more than 1.5 million Americans. Part of the profit from each "Lights for Lupus" spa will go to the Lupus Foundation. Together, we can fund and find the cure.

Master Spas has joined forces with the Vera Bradley Foundation for Breast Cancer to eradicate breast cancer, a life-threatening disease, by providing financial support for research and research-related projects.
